Pvc2go Ltd

decorative panels

An easy to install, high finish, waterproof and hygienic wall covering. Increasingly used as an alternative to tiling.

Applications

Suitable for wall and ceiling mounting, and although specifically conceived for bathroom and showers, are equally suitable for other living or commercial space.

Description

The system is made up of PVC panels, 10mm or 8mm thick with a tongue and groove profile, which are easily fitted together and fixed with adhesive.
